<p>IDAHO CONSTITUTIONAL AMENDMENT</p>		
<p>HJR4</p>		
<p>Shall Section 2, Article III, of the Constitution of the State of Idaho be amended to require that the Senate shall consist of thirty-five members; and shall Section 4, Article III, of the Constitution of the State of Idaho be amended to require that the Legislature shall be apportioned to thirty-five legislative districts?</p> <p><input type="radio"/> YES</p> <p><input type="radio"/> NO</p>		<p>The interest rate anticipated on the proposed bond issue, based upon current market rates, is two and thirteen hundredths percent (2.13%) per annum. The total amount to be repaid over the life of the bonds, based on the anticipated interest rate, is \$14,995,600, consisting of \$12,000,000 in principal and \$2,995,600 of interest.</p> <p>The estimated average annual cost to the taxpayer on the proposed bond is a tax of \$56.39 per \$100,000 of taxable assessed value based on current conditions and the data above.</p> <p>As of November 3, 2020, the total existing bonded indebtedness of the District, including interest accrued, is \$0.00.</p>
<p>Legislative Council's Statement of Meaning, Purpose, and Results to Be Accomplished</p>		
<p>The purpose of the proposed amendment is to permanently set the number of senators in the Idaho Legislature, as well as the number of legislative districts in Idaho, at 35. (There are twice as many representatives as senators, which this amendment would not change.) Since 1992, there have been 35 districts and senators, but the Idaho Constitution permits as few as 30 and as many as 35 districts and senators, with the number determined during redistricting (the process of redrawing legislative district boundaries after a United States census). If this amendment is adopted, the number of districts and senators would be fixed at 35 and could not be changed during redistricting.</p>
