

TAXING DISTRICTS

Taxing authorities such as counties, cities, school districts, fire districts, etc., set operating budgets, which in turn determine tax rates.

Taxpayers demand services and taxing authorities need revenue to provide these services. Each year, during the late spring and summer months, the taxing districts estimate the amount of property tax revenue they will require. Public hearings are held to present the budget proposal and to hear public input. Upon completion of the hearings the taxing district budget is amended, if necessary, finalized and sent to the Bannock County Commissioners. The Commissioners review the budgets for verification of compliance with ID Code and then, submit to the State Tax Commission for certification.

The taxing districts drawing revenue from property taxes collected in Bannock County are listed below:

BANNOCK COUNTY IDAHO--TAXING DISTRICTS
